NAVAL COMMANDER AND GRAY GIVES LIE TO RUTH SNYDER PILOT CRASH VICTIMS WORDS ATTRIBUTED

Board Of Inquiry Launches Probe Of Tenth Air Fatality In Two Weeks—Ship Burns After Hitting Ground

NORFOLK, Va., May 4.—A board of inquiry started to-day an investigation into the fatal crash of a naval seaplane in which Commander Hardy S. Page and Lieut, R. V. Pollard were killed. Their deaths marked the tenth fatality in two weeks among naval flyers here, and has resulted in talk of a sweeping investigation that will cover more than this one HOUSE, Long Island City, N.

Pollard fighting for control, but it wives and children.

When the plane was at 1,000 and was a native of Emporia, witness stand today at the feet it started to fall out of con- Kans. Pollard was thirty-two and Watchers on the ground saw came from Nova Scotia. Both left Snyder - Gray murder trial

GOVERNOR VETOES REGISTRATION FEE **BILL ON WEDNESDAY**

Seven Other Measures Win Signature Of Chief Executive

COLUMBUS, O., May 4.-Vetoing the bill, by Senator L. L. Marshall, Cleveland, which provided for increased fees to be charged for registration of land titles and examination of records, Governor Vic Donahey today attached his approv ing signature to seven legislative measures and announced his intention of permitting the Dearmond bill, authorizig abandonment, for canal purposes, of that portion of the Miami and Erie canal between Middletown and Cincinnati, to become a law without his signature.

To date, Governor Donahey has vetoed twenty-four measures pass ed at the present session of the Ohio legislature.

Measures approved by the governor today are: the Morton bill, giving county commissioners power during the thawing season to reduce the legally authorized truck loads 50 per cent; the Creighton-Anderson bill, providing that persons convicted of driving an auto while intoxicated may be prohibited from driving for six months or a year: the Emmons-Bellinger bill, relative to the division of funds and indebtedness when terirtory is annexed to a municipal corporation; the Streicher bill, amending the Toledo municipal court act; the Snow bill correcting a minor error in the law relating to wills executed in other states; the Penny bill, strengthening the optometry law, and the Cross bill, amending the Dayton municipal court act.

Announcing his veto of the Marshall bill, Governor Donahey pointed out that increased fees providing for by the bill "would amount to 100 per cent of the rate as it now exists or even more."

'My feeling is that such drastic raising of charges is neither necessary, nor advisable at this time," said the governor. present standard of fees is fairly is in effect. proportional to the work done by the various officials charged with at noon yesterday and covers only responsibility under the Torrens the Boaca and Teustepe districts, land title registration law.'

LEAPS FROM HOTEL WINDOW TO DEATH

NEW YORK, May 4.-Miss Jeanette Heilbrun, 26, a cripple, committed suicide by jumping from the sixteenth floor of the Shelton Hotel early today.

Miss Heilbrun had been registered at the hotel for a month. She left no note explaining her act. Her body was fully clothed catholic council and police concluded the death was a suicide when they found a cane and a crutch lying on the floor near the window.

HOW CAN WOMEN KEEP WELL ENOUGH TO GET UP SINGING?

MRS. BELLE THOMPSON S101 E. 44TH ST., EAST LAKE, TENN.

Springtime streamed in through the open windows. The green fields of Georgia were basking in the sun-shine. Somewhere a bird was trilling. It was a day to be happy. But the pale woman at the table

sighed and pushed away her plate. Nothing tasted right. She couldn't She had not been well for four years. Her husband watched her with a man's helpless expression.

"My mother-in-law," says Mrs. Belle Thompson, 3101 E. 44th St., East Lake, Tenn., "told me of Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I took six bottles of the Vegetable Compound. I could sleep and would get up in the morning singing and feeling fine. I am the mother of three children, and always after the babies came I had to take treatments, but I can truly say that this last time I have only used the Sanative Wash. It does more good than the treatments. It keeps me on my feet to care for my children and I do most of my work. I feel it my duty to let you know how both of the medicines have helped me."

Another Happy Woman

"I read about Lydia E. Pinkham's Vegetable Compound in the little books you give away and began to take the medicine. After the first few bottles I began to feel better and could eat better and had fewer headaches. I feel like a different person. At anytime that I don't feel good I take the Vegetable Compound eat much. She couldn't sleep well, hand. You may use this letter for again, as I always keep a bottle on either. She was so weak, it was hard to do her work. When the baby cried, she wanted to cry, too.

BIBLE THOUGHT

TRUST IN PROVIDENCE:-Commit thy way unto the Lord; trust in him; and he shall bring it to pass.

WRONG KIND OF CRITICISM

The faculty for finding fault or picking flaws is rightly regarded by persons of intelligence as one of the lesser talents, in no way comparable to creative ability. A lot of miscellaneous and generally useless information chucked away somewhere in a cranial cavity will enable its possessor to discover many errors that don't greatly matter. Only genius, or lacking that hard work and perserverance, can create a masterpiece that will excite the admiration of a world.

Are we to discredit Shakespeare as a dramatist and cry down his works because in one his tremendous plays a clock strikes offstage when historically there could have been no clock? Are we to throw away a Keats sonnet because the poet makes stout Cortez, and not Balboa, "silent, upon a peak in Darien," discover the Pacific? Are we to belittle Newton as a scientist because his conception of the law of gravitation is now discovered to be slightly inaccurate?

It is urged that crtics, and particularly those who have nothing constructive to offer, diminish the zeal with which they harp upon trifling defects until their ardor is more nearly commensurate with the importance of what they have unearthed. It is further urged that they be slower to hold up to contumely works such as they are wholly incapable of even imitating, to say nothing of

BRIGHTNESS, MALE AND FEMALE

There is a tradition, prevailing especially in the South, says an American educator, that girls are not equal to boys in mental ability. He finds that as judged by their school work, this is untrue. From a wide investigation of the status of girls compared with boys intellectually and educationally, he concludes:

"The results are slightly in favor of the girls, and this is true of freshmen in colleges as well as pupils in the elementary and high schools. There is no marked difference between the sexes, but whatever difference there is is not against the girls, but in their favor."

This will jolt a good many boys, and a good many boys' fathers. It is upheld by ordinary observation of work in the public schools. Hundreds of teachers will testify that the girls usually do better work in their classes than the boys. Possibly it is more conscientious- hundreds of years?" ness, or a greater desire to excel, on the part of the girls. Possibly it is because the girls are likely to be a little more mature at the same age than the boys. But the facts are undeniable.

Some observers will insist, however, that girls are cause each individual inherits blood due to the wrong sort of Other soaps which 'do cut the likely to reach their mental limit a little sooner than traits from all the race that has diet, insufficient air and clogged grease are too harsh, so my first boys therefore are likely to do better mental work later on. It would be interesting to hear more about that.

CLOUDS AND GLOOM

Does the weather give you a depressed feeling and sometimes actually "make you sick?" So far as is known the interesting question has never been scientifically de-

Certainly during a period when, because of natural murder, but I occasionally read didn't keep their faces intrinsic imal fats. Rough surface wash clouds or others created from smoke citizens are de- obituary notices with great pleas- ally clean and yet that is the un- cloths that will help stimulate the prived of a look at the sun, they become restive and fretful, easily irritated and hard to get along with. Old Sol beams forth upon them once more, and straightway they regain their former brightness, if any.

What is the mechanism of this process? Possibly it is the warmth that transmits itself to the heart. Perhaps by most people, she has a fair it is the salubrious effect of the ultraviolet, actinic or chance to have four or five of other rays, regarded as curative agents.

In an edge devoted beyond all else research this should be looked into. Let physicists, physicians and what she told was flattering. psychologists get busy with their paraphernalia.

Just one catastrophe after another. No sooner will would be to tell his fortune. Woudn't he be shocked and imthe river flood be abated in the South than the government must turn to fight a flood of Canadian liquor in

K-R-O COMPANY, Springfield, O.

A Test of Twenty Years

In that 20 years, Dayton's Building Associations have passed through the great money-panic of 1907—the flood of 1913 -the World War-the industrial depression of 1921-and all, without serious loss from any of these causes and with no impairment of their integrity.

All of these Associations have Safety Funds with which to meet contingent needs, and that they have been ample to meet these emergencies in the past 20 years is a guaranty of their sufficiency in the future, for it is not likely that the demands upon them will ever be greater than in the past.

In the light of this experience here, and elsewhere in Ohio, this Association has a Surplus or Safety Fund adequate for all its needs. That fund is never diminished, is constantly growing and amply supplements our carefully selected mort-gages to the end that our patrons have complete security for their savings. We invite your inquiry.

ARMISTICE CHECKS

GOVERNOR VETOES REGISTRATION FEE **BILL ON WEDNESDAY**

Seven Other Measures Win Signature Of Chief Executive

COLUMBUS, O., May 4.-Vetoing the bill, by Senator L. L. Marshall, Cleveland, which provided for increased fees to be charged for registration of land titles and examination of records, Governor Vic Donahey today attached his approving signature to seven legislative measures and announced his inten ion of permitting the Dearmon bill, authorizig abandonment, for canal purposes, of that portion of the Miami and Erie canal between Middletown and Cincinnati, to be-

come a law without his signature. To date. Governor Donahey has vetoed twenty-four measures passed at the present session of the Ohio legislature.

Measures approved by the governor today are: the Morton bill, giving county commissioners power during the thawing season to reduce the legally authorized truck loads 50 per cent; the Creighton-Anderson bill, providing that per sons convicted of driving an auto while intoxicated may be prohibited from driving for six months or a year; the Emmons-Bellinger bill. relative to the division of funds and indebtedness when terirtory is annexed to a municipal corporation; the Streicher bill, amending the Toledo municipal court act; the Snow bill, correcting a minor error in the law relating to wills executed in other states; the Penny bill, strengthening the optometry law, and the Cross bill, amending the Dayton municipal court act.

Announcing his veto of the Marshall bill, Governor Donahey pointed out that increased fees providing for by the bill "would amount to 100 per cent of the rate as it now exists or even more."

"My feeling is that such drastic raising of charges is neither necessary, nor advisable at this time," said the governor. "The today, while a 48-hour armistice present standard of fees is fairly is in effect. proportional to the work done by the various officials charged with at noon yesterday and covers only responsibility under the Torrens land title registration law.'

NOTICE

Xenia, Ohio. April 23, 1927.

Notice is hereby given that Moore & Son, Xenia, Ohio, has filed in the offices of the Secretary of State of Ohio, and the clerk of the Common Pleas Court of Greene County, Ohio, a certificate duly sworn to for Registration of Bottles used by said Moore & Son for the distribution of milk and cream in Greene County, Ohio; that said certificate sets forth that said bottles have as mark of ownership "Moore & Son, T. B. Tested Whole Milk, Xenia, Ohio," and making it unlawful for any person other than the owner to fill, refill, deal or traffic in such bottles bearing such registered mark.

MOORE & SON By V. H. Moore.

HOW CAN WOMEN KEEP WELL ENOUGH TO GET UP SINGING?

MRS. BELLE THOMPSON 3101 E. 44TH ST., EAST LAKE, TENN. Springtime streamed in through

the open windows. The green fields of Georgia were basking in the sunshine. Somewhere a bird was trilling. It was a day to be happy. But the pale woman at the tabl sighed and pushed away her plate, Nothing tasted right. She couldn't eat much. She couldn't sleep well,

either. She was so weak, it was hard to do her work. When the baby cried, she wanted to cry, too. She had not been well for four years. Her husband watched her with a man's helpless expression. But his mother knew a remedy.

"My mother-in-law," says Mrs. Belle Thompson, 3101 E. 44th St., East Lake, Tenn., "told me of Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Sanative Wash. I took six bottles of the Vegetable Compound. I could sleep and would get up in the morning singing and feeling fine. I am the mother of three children, and always after the babies came I had to take treatments, but I can truly say that this last time I have only used the Sanative Wash. It does more good than the treatments. It keeps me on my feet to care for my children and I do most of my work. I feel it my duty to let you know how both of the medicines have helped me."

Another Happy Woman

"I read about Lydia E. Pinkham's Vegetable Compound in the little books you give away and began to take the medicine. After the first few bottles I began to feel better and could eat better and had fewer headaches. I feel like a differen person. At anytime that I don't feel good I take the Vegetable Compound again, as I always keep a bottle on hand. You may use this letter for every word is true. I will answer any letters sent to me."—Mrs. Jen-NIE BOLLERMAN, 611-11th St., Union City, N. J.

BIBLE THOUGHT

TRUST IN PROVIDENCE:--Commit thy way unto the Lord; trust in him; and he shall bring it to pass.

WRONG KIND OF CRITICISM

The faculty for finding fault or picking flaws is rightly regarded by persons of intelligence as one of the lesser talents, in no way comparable to creative ability. A lot of miscellaneous and generally useless information chucked away somewhere in a cranial cavity will enable its possessor to discover many errors that don't greatly matter. Only genius, or lacking that hard work and perserverance, can create a masterpiece that will excite the admiration of a world.

Are we to discredit Shakespeare as a dramatist and cry down his works because in one his tremendous plays a clock strikes offstage when historically there could have been no clock? Are we to throw away a Keats sonnet because the poet makes stout Cortez, and not Ba!boa, "silent, upon a peak in Darien," discover the Pacific? Are we to belittle Newton as a scientist because his conception of the law of gravitation is now discovered to be slightly inaccurate?

It is urged that crtics, and particularly those who have nothing constructive to offer, diminish the zeal with which they harp upon trifling defects until their ardor is more nearly commensurate with the importance of what they have unearthed. It is further urged that they be slower to hold up to contumely works such as they are wholly incapable of even imitating, to say nothing of originating.

BRIGHTNESS, MALE AND FEMALE

There is a tradition, prevailing especially in the South, says an American educator, that girls are not equal to boys in mental ability. He finds that as judged |, by their school work, this is untrue. From a wide investigation of the status of girls compared with boys intellectually and educationally, he concludes:

"The results are slightly in favor of the girls, and this is true of freshmen in colleges as well as pupils in the elementary and high schools. There is no marked difference between the sexes, but whatever difference there is is not against the girls, but in their favor."

This will jolt a good many boys, and a good many boys' fathers. It is upheld by ordinary observation work in the public schools. Hundreds of teachers will testify that the girls usually do better work in their classes than the boys. Possibly it is more conscientious- hundreds of years?" ness, or a greater desire to excel, on the part of the girls. Possibly it is because the girls are likely to be a little answer is partly blological. more mature at the same age than the boys. But the facts are undeniable.

Some observers will insist, however, that girls are cause each individual inherits blood due to the wrong sort of likely to reach their mental limit a little sooner than traits from all the race that has diet, insufficient air and clogged grease are too harsh, so my first boys therefore are likely to do better mental work later on. It would be interesting to hear more about that.

CLOUDS AND GLOOM

Does the weather give you a depressed feeling and been shocked at your own that is full of grease and dirt stitute for a short time a very few sometimes actually "make you sick?" BRAINSTORM? WHY?

If your brain is smudged with poisons in the system, due to intestinal stasis (constipation) you may be subject to rash, irritable mood. You may be peevish, cross and unpleasant company. Don't go round with a "grouch"—rid the system correct the constipated bowels, the ache and then be free from groud or brainstorms. You'll live longer you'll be happier; you'll work and play better.

Take Blackburn's Casca-Roya Pills for a pleasant, prompt, thor-cugh cleaning of the intesting tract. Take them to wake up th lazy liver, the sluggish 32 feet o intestines. Get the relief of a bower, nerve tonic, and, see how differenthis sweet, little pills acts—no nau sea, no griping, just a smoot abundant movement. Halitosis, up set stomach, sick headache an other misery leaves quickly. Ener gy, pep, high spirits and good nature replace such ills. Get Blackburn's Casca-Royal Pill 45 for 30 cts.

rats and mice every time but other animals and poultry are not injured by the largest doses.

NOT A POISON K-R-O is made of powdered squill—the new safe way urged by Government Experts. Does not contain arsenic, phosphorus, barlum carbonate or any other deadly poison. 75c at all druggists. Satisfaction guaranteed.

K-R-O COMPANY, Springfield, O.

Injure the finest nor cheapest rug. Dry Cleaning—Shampooing Sizing. CALL 330-W. M. A. ROSS

A Test of Twenty Years

In that 20 years, Dayton's Building Associations have passed through the great money-panic of 1907—the flood of 1913 -the World War-the industrial depression of 1921-and all, without serious loss from any of these causes and with no impairment of their integrity.

All of these Associations have Safety Funds with which to meet contingent needs, and that they have been ample to meet these emergencies in the past 20 years is a guaranty of their sufficiency in the future, for it is not likely that the demands upon them will ever be greater than in the past.

In the light of this experience here, and elsewhere in Ohio, this Association has a Surplus or Safety Fund adequate for all its needs. That fund is never diminished, is constantly growing and amply supplements our carefully selected mort-gages to the end that our patrons have complete security for their savings. We invite your inquiry.

Here's Real Relief From Neuritis

In 24 to 48 Hours Pains Are Often Relieved and You Get Rest and Comfort Again.

Torturing pains—the kind that pierce and burn and never seem to let up-that rob a man of his sleep—that make him just a bag of nerves and all worn out. Those are the pains that dope and coal tar products can only par-

tially relieve. The safest and most efficient way to get rid of the persistent, nerve-racking pains of Neuritis is to get a bottle of Allenrhu Special Formula No. 2. Be sure you get No. 2, which comes in capsule form. Take these little dark green capsules as directed and in about 24 hours you should be able to notice that they have considerably reduced if not almost banished those severe, torturing pains that have caused you so many sleepless nights. Continue for two or three days more or until you are satis-

fied with results. It doesn't matter how long you may have suffered or whether your Neuritis is in the shoulder, arm, neck or legs, Allenrhu Special Formula No. 2 should give you speedy relief. Sayre's Drug Store or any good druggist will be glad to sup
